**Labeling/Marking Software**

This freeware software program has been prepared using Microsoft Word and, unfortunately, it will not open in Corel WordPerfect. To use, the user will need to locate a computer that has Word .

The attached software program contains printable labels and markings which were originally prepared for hazardous waste Generators in the State of Washington -but, much of the work is useful in the other States and thus it has been incorporated here.

The software will allow printing of:

- the EPA Hazardous Waste marking,
- DOT Corrosive and Flammable labels,
- the NFPA Diamond marking,
- markings for Universal Wastes,
- markings for used oil and antifreeze,
- markings for paint wastes,
- markings for photo wastes,
- and several miscellaneous markings.

The program is a freeware program which means there is no cost and may be distributed freely.
