

Ordering the Automated Surface Observing System (ASOS) Site Technical Manual (STM)  
Change 1, January 1998

### GENERAL

This note provides information on where and how to obtain publications. The latest change pages (Change 1, January 1998) for the ASOS STM, are now in stock at the National Logistics Supply Center (NLSC). Change pages for the ASOS STM are a free issue.

Personnel requesting items from the NLSC will either initiate an order using the Consolidated Logistics System or contact their designated regional focal point. Some forms and publications may require National Weather Service Headquarters approval.

### PROCEDURE

The address for the NLSC is listed below.

National Logistics Supply Center  
1510 E. Bannister Road, Bldg 1  
Kansas City, MO 64131

All publications and forms for the ASOS are listed in Engineering Handbook No.1 (EHB-1), Instrumental Equipment Catalog, section X.

Below is a list with the description and agency stock number (ASN) to use when ordering the following items. These items are essential to the ASOS field technician.

<u>DESCRIPTION</u>	<u>NSN</u>	<u>ASN</u>
1. ASOS Change Pages	NWS9-80-920-0001	XASOS-Tech-Chg-1

**EFFECT ON OTHER INSTRUCTIONS**

None

**REPORT MAINTENANCE ACTION**

None
